PROFESSIONAL SUMMARY

Computer Science student with a solid understanding of programming, data structures, and web technologies. Proficient in C++, Java, Python, and DBMS, with experience developing practical, project-based solutions. Interested in web development and problem-solving. Seeking opportunities to contribute to real-world software projects while continuously improving technical and professional skills.

EDUCATION

Aditya University, Surampalem
B.Tech in Information Technology

CGPA:9.16
Expected April 2028

Narayana Junior college, Ramachandrapuram
Inter 2022-2024

CGPA:9.56

Z P P High School, Draksharama
Secondary Education 2022

CGPA:8.0

TECHNICAL SKILLS

Programming Languages: C++, Java, Python

Web Technologies: HTML, CSS, JavaScript

Data Bases: SQL, MongoDB

Tools: GitHub, VS Code, Google Colab

Core Subjects: Data Structures and Algorithms

PROJECTS

Tic Tac Toe Game – C++

- Developed an algorithmic win-detection engine to evaluate game states across multi-dimensional arrays efficiently.
- Implemented strict input validation protocols to maintain system stability and prevent invalid user moves.
- Applied modular programming techniques and reusable functions to ensure high code maintainability and readability.
- Architected a robust game-loop controller to manage state transitions and user interaction within the console environment.

Cafe Connect – Food Delivery Web Application

- Developed RESTful APIs using Node.js and Express to handle order placement and data management.
- Designed MongoDB schemas with Mongoose to store user details and order information efficiently.
- Implemented cart management using localStorage to maintain persistent user sessions across page reloads.
- Built separate Admin and User dashboards to manage orders and update order status.
- Developed responsive user interfaces using HTML, CSS, and JavaScript for smooth interaction across devices.

ACHIEVEMENT

- Solved 100+ problems on LeetCode. — [Link](#)
- Solved 150+ problems on GeeksforGeeks. — [Link](#)
- 4-star badges in Problem Solving, C, C++, Java, Python in HackerRank. — [Link](#)
